Profile

Mark Spencer is President of Arsenal Consulting, where he leads engagements involving computer forensics for law firms, corporations, and government agencies. He has more than a decade's worth of law-enforcement and private-sector computer forensics experience. Mark is also an adjunct professor at Bunker Hill Community College in Boston and was an instructor at the Computer Security Institute for eight years. He has taught representatives from a vast array of international corporations and governments. Mark is a regular presenter on topics relating to computer forensics, serving as a guest speaker at industry events and appearing on television.
